

Serinkent Complex

The pool maintenance and extensive gardens are managed by Ali, our complex caretaker. The swimming pools hours are between 10am – 10 pm. Local custom does not permit topless bathing on the poolside, although this is perfectly acceptable on own balcony/terrace.

The villa will be cleaned for your arrival. If additional cleaning is required, this can be arranged at a nominal cost. Please ensure the soiled towels are washed regularly so there is always a good supply of clean towels.

Hot water comes from the solar panels, and this may take a few minutes to come through especially in the second bedroom ensuite.

A waste disposal point is located just outside the complex on the Calis road.

Mini supermarkets are 2 mins walk right outside Serinkent – see plan. The 2 main stores – Carrefour and Migros are located in Fethiye.

Calis (pronounced 'Chalish') beach is approx. 15mins walk or 3 mins by bus. These stop right outside Serinkent and will take you to Calis or Fethiye.

All the operating instructions for the appliances in this info brochure are also available at the appropriate locations in the villa, eg. washing machine, inside the cupboard at the top of the stairs. Power supply is 220v twin round pin plug.

Air conditioning units in the bedrooms are controlled by a remote control handset – see separate operating instructions.

Mosquito screens are fitted to all doors and alternate windows allowing air to circulate, but keeping the insects out. Please ensure all doors and windows are secured when you leave the property.
